

## STATUS OF IMPLEMENTATION OF THE RULES BY LOCAL BODIES IN MEGHALAYA

	<b>Shillong Municipal Board</b>	<b>Shillong Cantonment Board</b>	<b>Tura Municipal Board</b>	<b>Jowai Municipal Board</b>	<b>Baghmara Municipal Board</b>	<b>Resubelpara Municipal Board</b>	<b>Williamnagar Municipal Board</b>
<b>Collection of Municipal Solid Wastes</b>	Quantity of waste collected: 78MT/day  House to house collection & collection from Community Bins daily	Quantity of waste collected: 4 MT/day  Collection from Community Bins daily	Quantity of waste collected: 18.5MT/day  Collection from Community Bins daily	Quantity of waste collected: 15MT/day  House to house collection & collection from Community Bins daily	Quantity of waste collected: 200kg/day  Collection from Community Bins daily	Quantity of waste collected: 11.5MT/day  Collection from Community Bins daily	Quantity of waste collected: 6MT/day  Collection from Community Bins daily
<b>Segregation of Municipal Solid Wastes</b>	No segregation of Municipal Solid Waste is adopted since the composting process adopted is applicable for unsegregated waste.	No segregation of Municipal Solid Waste is adopted since the composting process adopted is applicable for unsegregated waste.	Segregation of Municipal Solid Waste is being introduced for the purpose of vermi culture processing of bio-degradable waste at the facility being installed at the existing disposal site.	No segregation of Municipal Solid Waste is adopted.	No segregation of Municipal Solid Waste is adopted.	No segregation of Municipal Solid Waste is adopted.	No segregation of Municipal Solid Waste is adopted.
<b>Storage of Municipal Solid Wastes</b>	70 (seventy) R.C.C open storage bins are provided in all the wards.  Separate storage facilities (bins) provided for fish and vegetable markets at Bara Bazar.  The waste from storage bins are cleared manually.	50 (fifty) R.C.C open storage bins are provided in all the wards.  The waste from storage bins are cleared manually.	13 (thirteen) R.C.C open storage bins are provided in all the wards.  22(twenty two) R.C.C open storage twin-bins for storage of bio-degradable and non bio-degradable wastes are proposed to be installed.  The wastes from storage bins are cleared manually.	21 (twenty one) R.C.C open storage bins are provided in all the wards.  The waste from storage bins are cleared manually.	R.C.C open storage bins are proposed to be provided in market place and along the main road within the municipal area.	16 (sixteen) R.C.C open storage bins are presently provided in all the wards.  20 (twenty) R.C.C open storage bins are proposed to be constructed.  The wastes from storage bins are cleared manually.	8(eight)R.C.C open storage bins are provided in all the wards.  Additional 9(nine) R.C.C open storage bins are proposed to be provided.  The waste from storage bins are cleared manually.

<p><b>Transportation of Municipal Solid Wastes</b></p>	<p>14 (Fourteen) Trucks, 7 (Seven) truck-tippers, 4 (Four) Tractor-trailers, 6(six) Dumper-placers and 1(one) cess-pool cleaner are used for transportation of the collected Municipal Solid Wastes to the disposal site.</p> <p>Most of the vehicles used for transportation of wastes are not covered.</p> <p>Manual handling of wastes is adopted for loading and unloading.</p>	<p>1 (one) Truck is used for transportation of the collected Municipal Solid Wastes to the disposal site.</p> <p>The vehicle used for transportation of wastes is not covered.</p> <p>Manual handling of wastes is adopted for loading and unloading.</p>	<p>4 (four) trucks and 1(one) truck-tipper are used for transportation of the collected Municipal Solid Wastes to the disposal site.</p> <p>Most of the vehicles used for transportation of wastes are not covered.</p> <p>Manual handling of wastes is adopted for loading and unloading.</p>	<p>1(one) truck and 1(one) truck-tipper are used for transportation of the collected Municipal Solid Wastes to the disposal site.</p> <p>The vehicles used for transportation of wastes are not covered.</p> <p>Manual handling of wastes is adopted for loading and unloading.</p>	<p>2(two) Trucks are used for transportation of the collected Municipal Solid Wastes to the disposal site.</p> <p>The vehicles used for transportation of wastes are not covered.</p> <p>Manual handling of wastes is adopted for loading and unloading.</p>	<p>1(one) Truck is used for transportation of the collected Municipal Solid Wastes to the disposal site.</p> <p>The vehicle used for transportation of wastes is not covered.</p> <p>Manual handling of wastes is adopted for loading and unloading.</p>	<p>2(two) Trucks are used for transportation of the collected Municipal Solid Wastes to the disposal site.</p> <p>The vehicles used for transportation of wastes are not covered.</p> <p>Manual handling of wastes is adopted for loading and unloading.</p>
<p><b>Processing of Municipal Solid Wastes</b></p>	<p>Aerobic composting is adopted for processing of bio-degradable Municipal Solid Wastes.</p>	<p>The Shillong Cantonment Board is sharing the aerobic composting plant of Shillong Municipal Board adopted for processing of bio-degradable Municipal Solid Wastes.</p>	<p>Vermicomposting facility is under construction for processing of bio-degradable Municipal Solid Wastes.</p>	<p>No processing of Municipal Solid Wastes has been adopted so far.</p>	<p>No processing of Municipal Solid Wastes has been adopted so far.</p>	<p>No processing of Municipal Solid Wastes has been adopted so far.</p>	<p>No processing of Municipal Solid Wastes has been adopted so far.</p>
<p><b>Disposal of Municipal Solid Wastes</b></p>	<p>Non-bio-degradable waste, compost plant rejects, malba (construction debris) are presently dumped at the trenching ground adjacent to the compost plant.</p>	<p>Non-bio-degradable waste, compost plant rejects, malba (construction debris) are presently dumped at the trenching ground adjacent to the compost plant.</p>	<p>At present the solid waste collected is dumped in the existing dumping yard of Tura Municipal Board</p>	<p>At present the solid waste collected is dumped in the existing dumping yard of Jaintia Hills Autonomous District Council.</p>	<p>At present the solid waste collected is dumped in the temporary dumping yard as a proper landfill site is yet to be acquired.</p>	<p>At present the solid waste collected is dumped in the landfill site.</p>	<p>At present the solid waste collected is dumped in the landfill site.</p>

<b>Waste processing and disposal facilities adopted</b>	An Aerobic Compost Plant has been set up at Mawiong for treating the bio-degradable municipal solid wastes. The Plant has a capacity to treat 100 TPD of wastes to produce 20 TPD of organic manure. The Municipal Solid Wastes generated by the in areas under the Shillong Municipal Board, Shillong Cantonment Board and some localities outside the municipal areas are processed at this processing Plant, which is in operation.	The Shillong Cantonment Board shares the treatment and disposal facilities of the Shillong Municipal Board at Mawiong.	Installation of a vermi-compost Plant is in progress at Tura under the guidance of HUDCO.	There is no proposal for processing of Municipal Solid Wastes either by composting, vermi-composting or pelletisation by the Jowai Municipal Board.	There is no proposal for processing of Municipal Solid Wastes either by composting, vermi-composting or pelletisation by the Baghmara Municipal Board as the quantity of the waste generation is very less.	There is no proposal for processing of Municipal Solid Wastes either by composting, vermi-composting or pelletisation by the Resubelpara Municipal Board.	There is no proposal for processing of Municipal Solid Wastes either by composting, vermi-composting or pelletisation by the Baghmara Municipal Board as the quantity of the waste generation is very less.
<b>Authorisation applied (Yes/No)</b>	Yes	Not required as it is sharing the facility of the Shillong Municipal Board	Yes	Yes	No	No	Yes
<b>Authorisation Granted (Yes/No)</b>	Yes	N.A.	No	No	No	No	Yes
<b>Remarks</b>	Authorisation Expired. Valid upto 31-12-2003		DPR not submitted	Incomplete information in Form-I  DPR not submitted			Authorisation Expired. Valid upto 31-12-2005
