MSPCB No. Gen-306/2019/ /

Dated Shillong, the 19th November 2019

Expression of Interest

Expression of interest is invited from technology companies by Meghalaya State Pollution Control Board for cleaning of select polluted Rivers using in situ Bio-remediation (Phycoremediation technology) by application of customized Green Micro Algae Consortia suitable for major drains/tributaries of the polluted rivers and meet Meghalaya State Pollution control Board standards.

The length of each major drain varies from 1 km to 2 kms.

The following Rivers and number of major drains/tributaries are as follows:

Sl no.	River	No. of Tributaries/Major Drains
1	Nonbah River	5
2	Umtrew River	5
3	Myntdu River	5
4	Kyrhukhla River	3
5	Lukha River	2

The company participating in the EOI should be either be a technology company or the company should carry an exclusive authority from technology company to participate and work in association with technology company or under its guidance.

The technology company should have original research and proven successful work experience for more than 10-15 years related to treatment of waste water bodies including Industrial Effluent, Sewage Effluent and Acid Mine Drainage based on Phycoremediation technology using customized Green Micro Algae Consortia.

Companies having been awarded Projects by NGT or any other government agencies in Meghalaya / North east will be given preference.

The companies may apply giving all necessary details of technology/ work experience with in a period of 30 days from the date of advertisement.
